Research in the College and Graduate School of Arts and Sciences

Sponsored Research Development
Facilitation of intra- and interdisciplinary internal and external collaborations, research advancement and translational opportunities (seed funding, infrastructure, complementary research potential, etc.), and prospective sponsor relations.

Research Administration
The Office of Research Administration works with faculty and graduate students to develop research proposals for external funding, monitor awards, and resolve post-award issues. Biology, chemistry, environmental sciences, physics, and psychology have dedicated grant administrators to assist faculty. All other departments, centers, and institutes work directly with the Office of Research Administration.

Director of Sponsored Research Development
Rana Ganguly
gangulyr@virginia.edu
434-243-1924

Pre-Award Administration
Cate Cunningham
catec@virginia.edu
